Memorandum

MAB - 6053

To: Gary Gosbee

From: Rosemary Healey, Compliance Branch *R.H.*

Date: June 15, 1989

Subject: Status Changes Requested from 1988 Annual Report
Submittals

Attached you will find a listing of companies requesting a status change via submittal of the 1988 annual report. There are 3 types of status changes included in this package, which include large quantity generator to small quantity generator, large quantity generator to very small quantity generator, and large quantity generator to inactive status.

The type of status change request is highlighted at the top of each page. I can be reached at (617) 556-1023 if you have any questions. Thank you in advance for your attention to this matter.

Memorandum

7/7/89
82A

To: Gary Gosbee

From: Rosemary Healey, Compliance Branch

Date: June 15, 1989

Subject: Status Changes

Enclosed please find a list of status changes which have been approved by this Department based on Certification Statements from the companies. There are three groups of changes: generator (large and small) to inactive, large generator to small generator, and small generator to large generator. I can be reached at (617) 556-1023 if you have any questions.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION I

DATE: April 3, 1985

SUBJ: Deletion of Transporters

FROM: Lynn Cusick *LC*

TO: Ira Leighton

In a letter dated January 24, 1984 (Attachment 1) from Steven DeGabriele to Gary Gosbee, DEQE requested that EPA delete the transporter status for 217 companies because they are no longer or never were licensed to transport hazardous waste in Massachusetts. DEQE notified these companies that they were deleting their transporter status (see Attachment 2). EPA did not act on this request at that time. Since then the following action has been or will be happening:

- ° A list containing 79 of the 217 companies listed as transporters was sent to EPA in September, 1984 from Nancy Wrenn to Christine O'Shaughnessy. All of the 79 companies notified EPA as hazardous waste transporters with no other status (i.e. GEN, SQG). EPA deleted these 79 companies entirely from the HWDMS.

- Done
6/85
LC*
- ✓° A list containing an additional 113 of the original 217 companies was sent to EPA on March 25, 1985 from Nancy Wrenn to Gary Gosbee (see Attachment 3). All of the 113 companies notified EPA as hazardous waste transporters and handlers of hazardous waste (i.e. gen, SQG, TSD). EPA will delete the transporter status from these companies. However, the identification numbers will remain active in the data base due to the fact that they are hazardous waste handlers (i.e. GEN, SQG, TSD).

A copy of this memo with the attachments will be placed in our data base management procedures which are kept by Jacob Edwards. In addition, a copy of this memo with the attachments will be included with those changes being requested on Attachment 3.

Attachment 1

ANTHONY D. CORTESE, Sc. D.
Commissioner

The Commonwealth of Massachusetts
Executive Office of Environmental Affairs
Department of Environmental Quality Engineering
Division of Hazardous Waste
One Winter Street, Boston, Mass. 02108

January 24, 1984

Mr. Gary Gosbee
State Waste Program
EPA Region I
JFK Federal Building
Boston, MA 02203

Dear Gary:

As you know, the Massachusetts Department of Environmental Quality Engineering has adopted licensing and regulatory program which requires a detailed and thorough review of the credentials of each applicant for a hazardous waste transport license. We are now in the process of completing the review and license issuance of many transporters who notified EPA of their intent to transport hazardous waste in Massachusetts early in the RCRA program. Several of these applications may be denied. The total of active transport licensees at this time is 137. Your data base (printout of 9/9/83) shows 354 firms which have notified EPA of their intent to transport hazardous waste in Massachusetts. (There is an even greater discrepancy because our list of licensees includes out-of-state companies.)

In order that EPA's data base be concurrent with DEQE's and to help prevent violation of Massachusetts law which prohibits the transport of hazardous waste in Massachusetts without a valid license issued by DEQE, I am submitting to you a list of those firms which either have never been or are no longer licensed to transport hazardous waste in Massachusetts.

Please remove from your data base the designation of transporter for the firms on the attached list. We will forward to you additional names as they become known to us.

Thank you very much for your consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Steven A. DeGabriele".

Steven A. DeGabriele
Acting Deputy Director

SAD/NW/gr

Enclosure

ANTHONY D. CORTESE, Sc. D.
Commissioner

The Commonwealth of Massachusetts

Executive Office of Environmental Affairs

Department of Environmental Quality Engineering

Division of Hazardous Wastes

1 Winter Street, Boston 02108

December 5, 1983

Dear Sir/Madam:

In your notification of hazardous waste activity to the U.S. Environmental Protection Agency you indicated that you intended to transport hazardous waste within Massachusetts.

The Massachusetts Hazardous Waste Management Act, General Law Chapter 21C, provides that no one shall transport hazardous waste without obtaining and maintaining a valid license from the Department of Environmental Quality Engineering. A vehicle identification device is needed for each vehicle used for this purpose. Only transport at the site of generation is exempt from this requirement.

Our records indicate that you do not have a license, or a pending application for a license, to transport hazardous waste in Massachusetts. In order to keep our data base current, we will delete your status as a hazardous waste transporter unless you notify the Department within 15 days of your receipt of this letter that you actively intend to apply for a transport license.

You may contact Janet Hartke at 617-292-5823 or send me a letter at the above address.

Sincerely,

A handwritten signature in dark ink, appearing to read "Steven Dreeszen".

To: Gary Gosbee

From: Nancy Wrenn

Through: Linda Benevides, Chief, Compliance Branch *MB*

Subject: Deletion of Transporter Status

Based on a letter sent by DEQE to companies holding Transporter status but not licensed by this Department to transport hazardous waste (see 12/5/83 letter from Steven Dreeszen to these companies), we are submitting this list of companies for deletion of the transporter status. Each of these companies is retaining another activity which leaves them in the data base.

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

U.S. ENVIRONMENTAL PROTECTION AGENCY
NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).
